OFFICE OF THE DIRECTOR

Dr. James B. Rhoads
Archivist of the United States
National Archives
Washington, D. C.

Dear Dr. Rhoads:

We appreciated the opportunity to re-examine the CIA exhibits listed in the 16 March letter of Honorable Richard H. Ichord, Chairman of the House Committee on Internal Security. We will be glad to take this matter up directly with him and to show him copies in our possession.

Since Commission Documents 78 and 872 have been declassified by the Department of Justice, we have no objections to the release into the public domain of CD1545 dated 20 October 1964 and its attachment. We also have no objections to the release of CIA memorandum dated 1 June 1964 (CD1000) providing certain deletions are made to protect intelligence sources and methods. Please refer to the attached copy of this exhibit which has been sanitized slightly for your guidance. The original documents should be preserved intact for future reference. CIA memorandum 31 January 1964 should not be released into the public domain at this time.

We shall be happy to review the above classified material again when the next prescribed review period arrives. Be assured we are most anxious to make our classified exhibits available for research and will continue to do so as the security needs for protecting them diminish.

Sincerely,

/s/ Richard Helms

MEMORANDUM FOR : DDP

SUBJECT : Release of Documents Furnished to the
President's Commission by the Central
Intelligence Agency

Action

Congressman Ichord, Chairman of the House Committee on Internal Security, has requested National Archives to let him examine 11 classified documents related to the investigation of Lee Harvey Oswald. Five of these are CIA exhibits. We recommend as follows:

- Approved*
ddh
1. That a representative of the Office of the Legislative Counsel, accompanied by a case officer familiar with this matter, visit Representative Ichord.
 2. That we show him the CIA documents as a qualified official who has a "need to know," but not relinquish them (or copies thereof) to his custody.
 3. It is my understanding that our relations with Mr. Ichord and his committee are very good.
 4. An appropriate reply to National Archives for Mr. Helms' signature is attached.

Background

1. The incoming correspondence does not give the reasons for Mr. Ichord's request. He may have been inspired by a news item that caught his eye, or by pressure from Bernard Fensterwald, Jr., and his Committee to Investigate Assassinations which has

been agitating to reopen the case. We have had considerable correspondence ourselves with Mr. Fensterwald in recent years.

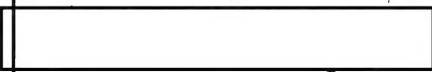

2. For your convenience we have also attached copies of the pertinent documents with appropriate notations.
